

To the F.C.C

Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

I really appreciate listening to XM's programming. I am able to hear what I want without all the dj propoganda.....

Thank you
Michael Hughes
